MOTION FOR VIDEO APPEARANCE

COMES NOW, Otavio Haverroth Silva, counsel for the above-referenced Respondents, and respectfully requests that the immigration court permit counsel to appear at the hearing by video conference based on 8 CFR § 1003.25 (c).

In support of this motion, Respondents provide the following arguments:

As an attorney with many clients in immigration proceedings, the approval of my motion for Webex is crucial to ensuring that I can provide the best possible legal representation to my clients.

My office is now located in San Diego, and the use of Webex would allow me to reduce costs for myself and my clients by eliminating the need for travel to the immigration court. This would enable me to focus my time and resources on preparing for the hearing, rather than on travel arrangements.

In light of this, **I would like to request, if possible, the opportunity to appear at the hearing through video conferencing**. **This alternative would allow me to represent my clients, overcoming the current logistical limitations effectively.**

Permissible appearance by video conference under the law Under 8 CFR § 1003.25(c), the immigration court has the discretion to allow parties to appear by video conference in exceptional circumstances.

Counsel's appearance by video conference will not prejudice the parties or the proceedings. The technology used for video conferences allows for clear communication between the parties, and the court can still effectively conduct the proceedings and assess the evidence presented.

CONCLUSION

For the reasons previously outlined, the Respondents respectfully ask the court to allow **legal counsel to attend the hearing via video conference, while the Respondents will be present physically.** Counsel is willing to comply with any conditions or requirements imposed by the court regarding the video conference appearance.

Respectfully,

_____
